

Revolution Son

The world is on fire
Revolution son, revolution son
Egypt Sudan
Revolution son, revolution son
Tunisia Salaam
Revolution son, revolution son
They say brown be the new black
Revolution son, revolution son
Am I now to be cool with that

The world is on fire
How can you sit and stare
Me take a dare
Me marching down to liberation square
Yeah
It's time for, revolution

Revolution son, revolution son
Open up your eyes
Revolution son, revolution son
Revolution
Revolution son, revolution son
Egypt Sudan
Revolution son, revolution son
Tunisia Salaam

They say brown be the new black
Am I now to cool with that
You see me see and me do believe
You only see what you wanna see
You cannot give what you ain't got
You cannot say what you may not
Is it a crime just to be free
Is this my new reality
Revolution son, revolution son
They say brown be the new black
Revolution son, revolution son

Lets march together
Lets march together
To the liberation square
Are you there
Lets march together
Lets march together

To the centre of attention
The news will be mention
Lets march together
Lets march together
To the liberation square

I see the streets burning up and I feel the fire
Why is it politicians them ah never retire
A Zambian with Indian genes
What I got to do for democracy
For my brother man yo for society
For humanity, this is reality
We gotta pay the price, we gotta pay our dues
Been in the rap game year twenty-two
And I know I can't stop, no-no I can't rest
It feels like the chaos is just a test
Trying to push me off my mind to the edge
Trying to push me off my mind to the edge
Revolution son, revolution son
We need to learn before we burn
Revolution son, revolution son
Don't make me fight back, don't make me attack
Revolution son, revolution son
We need to learn before we burn
Revolution son, revolution son
Don't make me fight back, don't make me attack

The world is on fire
How can you sit and stare
Me take a dare
Me marching down to liberation square
Yeah
It's time for, revolution

Lets march together
Lets march together
To the liberation square
Are you there
Lets march together
Lets march together
To the centre of attention
The news will be mention
Lets march together
Lets march together
To the liberation square
Are you there

Lets march together
Lets march together
To the centre of attention

Revolution son, revolution son
Revolution son, revolution son
