

TIME FOR GANDHI - by BlaaZe

all of the roads them ah lead to freedom

all of the roads them ah lead to freedom

me loading up mi gun and me about to take mi shot
in the battlefield is where me find mi heart

me see the spilling oil and mi temperature boils,
tell me how long will evolution last?

me so tired of struggle, me losin' mi faith
need to find another better way out

me got no more patience, me want it right now
to the stars i'm a shout out loud

another way, a better day
i dream along
another day, a better way,
for us to move on
another night, another fight
for us to be right
another day, we gotta say yeah yeah

all of the roads go to the father of the nation
time for Gandhi time for Gandhi
all of the roads go to a better education
time for Gandhi time for Gandhi
all of the roads go to a stronger foundation
time for Gandhi time for Gandhi
all of the roads that connect the population
time for Gandhi time for Gandhi
all of the roads go to a new salvation
time for Gandhi time for Gandhi

Be the change you want to see in the world
Hate the sin, Love the Sinner
Think like a winner
Mahatma

when i was a lil boy i can remember my father would say hey
its time to study hard now be ready for another day hey
so stop your whining, so stop your lying
its time for you and i to find a better way

the sun is settin, the moon is wanin,
what is it that you want from this great day
dont let the people stray
head to the future today
divine is what im a say hey hey hey hey
dont let the people stray
head to the future today
divine is what im a say hey hey hey hey

all of the roads them ah lead back home
time for Gandhi time for Gandhi
wherever u go sir, im a follow
time for Gandhi time for Gandhi
to the critics and mi fans im a say hello
time for Gandhi time for Gandhi
cause me comin on mi journey me say lets go...

time for Gandhi
time for Gandhi
